

2026–2027 CCS High School Community Service Hour Requirements

All students in **grades 8–12** are required to complete a **minimum of 20 community service hours** during the 2026–2027 school year. Community service is an important part of the CCS high school experience, helping students develop character, leadership, compassion, and a heart for serving others. Volunteering also encourages community involvement and prepares students for future responsibilities.

Each student will receive a **Community Service Hours Log** to record completed service activities. The log may also be downloaded from the school's website. To receive credit, a supervising adult must print and sign their name to verify the hours completed.

Example:

If a CCS high school student volunteers in the concession stand during a basketball game for one hour, the student must record the service on the log sheet and have the supervising adult verify the time by signing the form.

Students are responsible for maintaining their Community Service Hours Log. Once 20 or more hours have been completed, the log should be **submitted to Mrs. Jessica** in the high school office.

Community Service Guidelines

- Hours must be recorded in 0.5-hour or 1-hour increments.
(Please do not record increments of 10 or 15 minutes.)
- Community service hours begin anew each school year; however, each year's completed hours will be maintained as part of the student's high school record.
- After completing the required service hours, students must write a brief reflection explaining:
 - how the experience helped them grow personally, and
 - why serving their community is important.
- The completed Community Service Hours Log and reflection must be submitted to the high school office no later than May 3, 2027.
